"Where You Get More of the Best for Less"

MASSEY-HARRIS Your Best Bet In PLOWS

Massey-Harris plows are made stronger to last longer, are easier to handle and operate, give better plowing results and offer more value for your money.

That's why, with men who take a pride in plowing furrows straight and true, Massey-Harris tractor plows are the first and only choice.

The Massey-Harris range of plows covers a wide variety of models from small walking plows to giant disc plows. In these many models is the plow to suit the needs of your particular farm. Come in and talk it over.

SEE THE GREAT NEW LINE OF MASSEY-HARRIS TRACTORS

No matter which of these five models of the great new Massey-Harris tractor line you may need for your particular requirements you will find it packed with power beyond your expectations.

Step up into the seat of any one of these five new models and experience a new thrill in tractor driving. The Velvet-Ride seat mounted on hydraulic plunger and coil spring; the self-starter button that spurs your motor to instant, surging life; the slim, sleek hood that gives you maximum vision of your land ahead; the big tire sizes that mean more speed, more traction.

Select your model—see it—check it—buy it—and be proud that you did.

Southern Alberta Basketball Playoffs Underway

Raymond Union Jacks took the first game in the Southern Alberta Playoffs against Magrath last Monday night in Magrath by a nine point margin. On Wednesday night the 2nd game in the series was played in the Opera House with Magrath taking the game 51-54, thus evening up the game count.

Third game in the series will be played Saturday in Magrath and the fourth game back in Raymond next Monday night.

As the preliminary game that Raymond Idlers eliminated the Magrath Atoms Bombs in the playoffs thus winning the right to playoff with New Dayton in the Intermediate League finals.

Meeting New Dayton here Thursday evening the Idlers took an easy victory and the second game of a 2 out of 3 game series will be played Saturday night in New Dayton.

John Fisher, made a career of telling Canada about itself. To outsiders he often sounds like a superpatriot glorying in the growth and derring the shortcomings of his country. He may sound that way to some Canadians too, but to others he is a welcome voice each week, spurring the national conscience. The CBC calls him its "roving reporter" and gives him a fifteen-minute period CBW 6:15 p.m.; CBK, CBX 5:15 p.m. each Sunday on the Trans-Canada network in which to report his observations.

FORECAST \$8,000,000 FROM GASOLINE TAX

Provincial government revenue from the nine cents per gallon gasoline tax probably will reach the record total of more than \$8,000,000 in the fiscal year which ends March 31 next, according to officials of the Alberta Motor Association.

This estimate is based on the steady gains in revenue from the Fuel Oil Tax act shown in reports by the provincial auditor during the last year.

In the 1947-48 fiscal year, the gasoline tax revenue amounted to \$7,657,000 which itself was a substantial gain over previous years.

With registrations of motor cars greatly increased during the year, gasoline tax revenue is certain to hit new high levels.

The registrations of cars also have been racing ahead of other years. Up to the end of December last, the total of passenger car licenses issued was 112,676. This was 8,326 more than the total for the entire 1947-48 fiscal year.

BOOKKEEPING 1948 STYLE!

"Next," said the new business college instructor to the class, "I will give the class the fundamentals of the triple entry system."

"Triple entry?" echoed the head man. "I've heard of double entry, but what is triple entry?"

"It's very simple," said the new instructor. "One entry for you showing the true profits; another for your silent partner, showing modest profits; and a third entry for the income tax people, showing a net loss."
